X-FIT

Keep on running!

The multi-purpose blade
for small and medium
cross-sections.

- All-purpose use for solid materials and structurals
- Economical
- Reduces inventory levels

Dynamically innovative and versatile – these are ARNTZ' guiding principles. As specialists for band saw blades we are always looking forward to the next challenge.

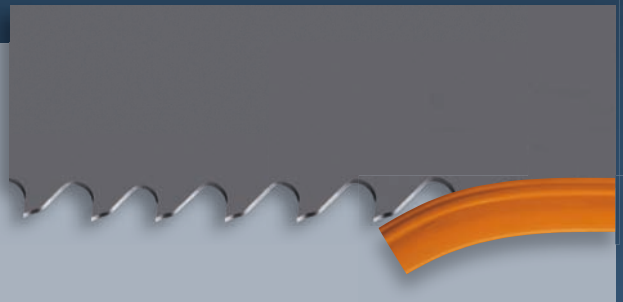

The new article group 457 is our multi-purpose blade for small and medium-sized cross-sections. The specially developed tooth form makes it possible to cut a particularly broad range of materials: from solid materials to complex structurals.
